50% due at signing. BALANCE DUE AT INSTALLATION. Credit cards accepted. Pricing is based off of sq ft estimate, subject to change upon field measure. Original pricing is based off of STOCK material, price may change if stock material is not chosen. We DO NOT unhook plumbing.

\* Repairs to walls, paint, wallpaper, etc. may be necessary depending on job conditions. Final wall preparation should not be completed prior to install if possible. Minor scrapes and punctures to surrounding walls, fixtures and cabinets may occur and are considered "incidental damages" and are homeowner's responsibility to repair. In most instances, this is easily repaired with a touch up kit.
